

**AMENDMENTS TO THE DRAWINGS:**

Five (5) replacement sheets containing Figs. 1-11 are submitted herewith (including Figs 1, 2, 3a, 3b, 4, 5, 6, 7, 8, 9, 10 and 11), in which only matters of formality have been addressed. In particular, line character, line widths, consistency and numeral quality have been improved for better reproduction. No matter is added.

## REMARKS

Applicant submits herewith replacement sheets containing Figs. 1-11, in which only matters of formality have been addressed, i.e., line widths and drawing appearance have been improved to provide better reproduction when issued. No new matter is added by the changes.

It is respectfully requested that the existing drawing sheets now on file be replaced with the replacement sheets submitted herewith prior to issuance.

The above mentioned replacement drawing sheets were not presented earlier because they were only first prepared after applicant received the Notice of Allowance.

Applicant respectfully submits that substitution of the replacement drawings for those currently on file will not place a burden on the Office or require further search since the substance of the figures depicted therein are identical.

The Issue Fee is being paid concurrently herewith. Notice of entry of this amendment is respectfully requested.

Respectfully Submitted,

Lawrence I. Wechsler
